Yes, Jim - a project presentation would be great – the meeting will be Monday, June 22 – I'll place you on the agenda around 9:30 a.m.

Subject: Water Reclamation Facility Board Presentation

Mike – A month or so back you and I spoke about me giving an brief presentation to your Board showing the still and fly-by renderings of the WRF. As I recall you mentioned that it would be in June (I could be wrong on that date). I was just confirming that you would still like that presentation and to get the day and time that you would like me there. I would guess that this presentation would take approximately 10 minutes and I'll run it from my laptop using your projector.

Thanks and I hope all is good in your world.

Jim
