RE: Franklin-Southampton Futures Board Nomination

Dear Mike:

Recently Brian Hedgepeth announced that he would be unable to return for a new three-year term, which would have begun in December of this year. We were disappointed with his decision, but as a charter member of Futures, Brian gave tirelessly of himself throughout his membership on the Futures Board.

Consequently, we are requesting that the Board of Supervisors nominate a replacement for Brian on the Futures Board.

We recommend Mrs. Billie Turner for this nomination. We are extremely positive of her abilities to serve as a strong board member. She has lots of potential and is extremely energetic, which would be a real asset to the Futures Board. Billie resides at 22483 Homestead Lane, Franklin, which is in the Franklin District of the county. She is the activities coordinator at The Village at Woods Edge.

I would like to thank the Board of Supervisors for its ongoing support of Franklin-Southampton Futures.

Should you have any questions, please do not hesitate to contact me at 434-658-4243, or at my e-mail address knpope@beldar.com.

Sincerely,

Kay N. Pope
Executive Director
