**SUBJECT:** Odyssey of the Mind Team Update

At the presentation last Wednesday, I mentioned that Southampton Middle School Odyssey of the Mind team was going to compete in the State Odyssey of the Mind competition in Arlington, Virginia.

We are pleased to inform you that the Southampton Middle School Odyssey of the Mind team placed second (2<sup>nd</sup>) in the State competition held in Arlington, Virginia. There were ninety-six (96) teams competing in five (5) categories. By virtue of this success, our team has now earned the opportunity to participate in the World competition at the University of Maryland, in College Park Maryland, where there will be 700-900 teams from all over the world competing.

We are immensely proud of these fine young people and their sponsors.

Thank you for your continued support!

Dear Mr. Johnson:

It is with great appreciation that I write to you on behalf of Southampton High School and thank you for your support of our schools. Including the entire proposed school budget plus a 2% raise effective in November in the draft budget for Southampton County is very much appreciated. We certainly understand that the final budget may change; however, having your support at this time demonstrates your confidence in our school system and what we are accomplishing for our community.

As stated at the Public Hearing, I am extremely proud of all that Southampton County Schools and the Southampton County Board of Supervisors have been able to accomplish in our county and the mutual respect and admiration that exists among all involved. Our teachers, administrators, students, and parents are committed to the goals and objectives of our school system and this county. Having your support gives us the confidence to continue our quest to make Southampton High School and Southampton County Schools the very best in Virginia and the nation.

It is our hope that the Southampton County budget will pass as presented to the Board of Supervisors; however, even if there are adjustments that negatively impact the schools, please know that our commitment to quality education will remain, and we will continue to move our schools forward. We thank you for your support and belief in our school system, and we look forward to working together to meet the needs of our community.

Sincerely,

Allene P. Atkinson
